## THE HOUSE NEXT DOOR

One of eight homes designed by David W. Small Designs on this street of 16 wide suburban properties, this 5 bedroom, 7 bathroom family home has emerged as a flagship for redevelopment in the area. The design maximizes the lot's width while preserving the substantial existing vegetation. Key design characteristics include soaring interior volumes, large principal living spaces and low scale exterior massing. The traditional architectural detailing executed in collaboration with interior designer Peter Colton, contributes to the home's visual splendor.
