ALGONQUIN HOUSE

Because of a relatively low scale exterior façade, this home's true nature is not revealed until the front door is opened. It's at that point that the contradiction is fully understood. The interior is expansive and formal. Most principal rooms are large in scale and flowing to adjacent spaces. All rooms have been organized along a wide lateral hallway running across the width of the home. The beautiful rear yard views are exploited throughout. They are prominently on display in the formal foyer which flows throughout to the great room in the rear.
